

The Chart

August 2012

Hello Advisors!

Whether you have already begun your school year or are still in preparation, Arizona HOSA wishes you the best in the 2012-2013 year! As we all know, with the beginning of the school year comes the beginning of a new year in HOSA. The beginning of the year in meetings, events, and communications sets the tone for what your local chapter members can expect for the entire process. Therefore, it is vital to begin your HOSA year in the best possible way. While this can prove to be a daunting task, the State Officer Team, State Advisor, and Past State Officers are all eager to assist in any way possible.

In order to be able to better aid your chapter, the State Officer Team is currently developing excellent material for local chapter visits. The team has created different presentations based on what you would like us discuss—these presentations can include information on competitive events, fundraising, etc. When scheduling a chapter visit, please specify what you would like us to focus on during your presentation.

With that said, the state officers invite and encourage you to schedule a chapter visit as soon as possible! We eagerly await the opportunity to meet the members, encourage and educate your chapter, and gain insight into how we can meet your needs in the future.

Important Dates: August 17th - Advisor Training
September 27-29 - Chapter Officer Leadership Camp
November 9th - Fall Leadership Conference

As always, feel free to contact any of the state officers with your concerns and questions.

Wishing you a great HOSA year!

Hayley Owen
2012-13 AzHOSA President
