Hello Advisors!

FLEX was an absolute success! Thank you so much for all you did to bring so many amazing members to a fantastic conference where your members truly shined! Out of all of the CTSOs present, HOSA was definitely the biggest and loudest with over one thousand addition members comparatively! I hope that you and your members had an amazing time getting to FLEX your leadership muscles! Please remember to submit your evaluations as soon as possible if you haven't already so we can continue to improve the conference!

I know it may seem light years away, but please let your students know that the AzHOSA Scholarship Application opens on January 6th! This is a fantastic opportunity for your members to gain extra tuition money for all of the dedication they have already put into HOSA. Make sure to pay attention to requirements and details, as if an application does not meet requirements, it unfortunately cannot be considered. Don't waste this fantastic opportunity to send your seniors out with a bang!

Additionally, online testing registration closes on the 5th of January! In order to be eligible for competition, your students must be a member and test for the events which require them. All information for test requirements and event rules can be found on the Arizona HOSA website underneath the competitions tab.

Finally, I want to remind advisors that the state officer application opens on January 6th as well. Bringing out leadership, professionalism, and networking skills, serving as an officer can alter the course of a student's life. If you have any students who are interested or considering running please encourage them to apply for this amazing experience! Just like the scholarships, make sure to pay attention to directions and details as they are highly regarded in the application process. Best of luck!
