## Final Chart for 2016-17 Officers

Hello Advisors!

To close out our year in Arizona HOSA, I have one final edition of the Chart for you - my farewell address. From the entire state officer team to you, thank you for all of your hard work and dedication over the past twelve months. This journey has been an unforgettable ride and although our team may have exited the stage one final time, I am beyond excited for the next chapter in Arizona HOSA.

From day one, I was astonished with the unwavering passion that every single advisor has for HOSA. From chapter visits to school spirit at conferences, your dedication is noticeable in every aspect and you welcomed me with open arms. As I leave office, my one request is that you continue to pass on your passion for HOSA to your students. By encouraging them to stay active in competitions, community service, and to run for office at any level, you are making a continual difference on their lives and HOSA as a whole. Over my time as an officer these past two years, I have found what I believe to be the absolute core of leadership. When you break it all down and strip everything away, a true leader uses his or her skills not to create followers, but rather to develop the skills of others to make new leaders when their time is done. So, from a high school junior to you, this is my challenge. Continue to push your students to grow. Continue to support them both academically and emotionally. Continue to show them the difference they can make on this world if they only try.

I know you will never hear it enough, but you are the secret warriors of the world. As teachers and advisors, you often touch the lives of your students more than anyone else. Thank you for changing my life and embracing me into the wonderful world of HOSA. From my very first chapter officer leadership camp, I already had adoptive advisors, pseudo-parents, and mentors who I knew I would look up to for a lifetime. Thank you for being the incredible people that you are and for devoting yourselves full-heartedly to HOSA. Thank you for making me, and all of your students, into the people we are today.
